This is how you take your measurements correctly:

For your guidance, we will briefly explain what length and width measurements are needed in order for us to manufacture your personal gown.

Guidance on how to take your measurements:

## 1. Personal height

## 2. Gown length

extend tape measure along back, measure from top edge of collar down to mid-calf.

## 3. Chest circumference

Measured under your arms

Women = on top of blouse or jacket

Men = on top of jacket

## 4. Chest width

From sleeve seam to sleeve seam

for women: additionally from neck to tip of bust

## 5. Back width

from sleeve seam to sleeve seam

# COLLEGE FASHION

## **6. Shoulder width**

Measured from bottom collar seam down to sleeve seam

## **7. Outer sleeve length**

Measure from shoulder seam down to the desired length, keep arm straight

## **8. Collar or neck size**

## **9. Clothes size**
